Who it is for

Individuals and organizations seeking a foundational understanding of Digital Transformation, Employees and managers responsible for leading digital transformation, Consultants guiding their clients through future trends initiatives.

What it is about

Looking at future trends to understand better / foster digital transformation..

Change is a constant!

Society is transforming. Powerful trends are reshaping businesses, driving new technologies, shifting talent needs, and changing human behaviour. It is crucial for all industries to stay up to date with these changes, and respond accordingly. Regardless of your industry, it's essential to consider the impact of these changes on your work.

Opportunities for the future!

Technology, social behaviour, culture and the fundamental nature of businesses are all in flux. This dynamic landscape has introduced exciting possibilities and formidable challenges.

Program Overview

- **Purpose**

The purpose of this workshop is to look at future trends to understand better / foster digital transformation. We will achieve this through a 4-step process to tackle industry expertise where we will map the most important trends in the areas of Business, Behaviour, Talent and Technology. We will also identify what those key attributes are for the leaders of tomorrow.

- **Learning Objectives**

At the end of this workshop, you will be able to apply a framework to collaboratively map complex insight.

- **Content**

In this workshop, the following topics will be covered:

- ✓ Welcome
- ✓ Introductions of the facilitators and participants

- ✓ Ice Breaker
- ✓ Digital transformation Overview
- ✓ Future Trends group activities
- ✓ Key attributes of the leader of tomorrow
- ✓ Conclusion & Take Away

- **Duration**

This workshop lasts approximately 2 and a half hours. An online collaboration platform will be used to recreate a virtual office environment.

- **Number of participants**

Our goal is to facilitate a quality workshop in terms of active participation and learning, as well as to dedicate our full attention to each of the participants. This is why we limit this online workshop to 14 participants.

What is unique about this workshop

Tools, focus and active collaboration in an online environment:

- ✓ The tools used in this workshop contribute to facilitating the creation and communication process.
- ✓ The focus of this workshop is the active participation of each participant through the specific group activities
- ✓ The use of innovative technology helps to bring all participants together in a collaborative effort towards the same goal.

And finally... ~~IA~~ present!

For participating in this workshop and as a token of appreciation from us, each participant will receive our eBook "Processes & Digitization" at no cost (worth € 17 in our [shop online](#)) as well as a free 30-minutes coaching session.
